Vol. V No. 4

Dear Customers,

Interest rates have headed lower. The U.S. dollar has softened and gold bullion prices appear to have bottomed. Wholesale activity at auctions and major coin conventions is fierce. Prices, as reported by the *Coin Dealer Newsletter*, are advancing weekly. The next few years may well be very rewarding for rare coin collectors/investors.

If you feel as many do that now is the time to add additional rare coins to your holdings, consider the following:

1. Our prices are negotiable. Volume dictates the discounts. Don't be afraid to ask!
2. Our payment terms are generous. We offer three month, six month, twelve month, and even twenty four month *interest free* leverage purchases. You can control a large group of gem quality coins for a modest deposit. Ask your numismatist for details.
3. Without question, we offer the most comprehensive inventory anywhere. Copper, nickel, gold, or silver, chances are we have what you're looking for.

Take advantage of the opportunity. Call us today!

Cordially,

Our Guarantee

All coins purchased from Heritage Rare Coin Galleries are covered by an unconditional 45 day return privilege, one of the longest in the industry.

It is also guaranteed that all coins sold are genuine. As proof of our certainty that no counterfeit or altered coin can escape our attention, it is also guaranteed that we will refund the full Heritage purchase price plus 15% interest per year compounded annually on any non-authentic coin sold through Heritage Rare Coin Galleries. If you request auction for liquidation, Heritage Numismatic Auctions, Inc., after acceptance, will catalog your coins at the same grade which you purchased them.

Each and every coin sold by Heritage Rare Coin Galleries is graded on both the obverse and reverse, according to the standards set forth in the American Numismatic Association Grading Guide. It should be understood, however, that grading is an art and not a science, and that the American Numismatic Association standards, as published, are somewhat vague and subject to interpretation. Because of this, opinions on grading as well as value, can, and often do, differ between experts as well as grading services. The purchaser is therefore encouraged to carefully inspect and evaluate all coins during this 45 day period.

The luster is superior to that on 95% of the business strike Trade Dollars that we have seen. Lastly, the surfaces are free of all but the most trivial marks and have a sparkle to them that is so often missing on Trade Dollars. We obviously love this coin. So will you.	6,175.00

BUSINESS STRIKE MORGAN DOLLARS
